

What Is Claimed Is:

1. A first body safe/sports wallet (100) comprising:

A) a first inner side (12AA) connected along a right edge to a left edge of a
second inner side (12BA) connected along a right edge to a left edge of a
third inner side (12CA),

B) a first outer side (12AB) connected along a left edge to a right edge of a
second outer side (12BB) connected along a left edge to a right edge of a
third outer side (12CB), the first inner side (12AA) is further connected
along left and bottom edges to right and bottom edges of the first outer
side (12AB) forming a pocket (12D) therebetween, the second inner side
(12BA) is further connected along a bottom edge to a bottom edge of the
second outer side (12BB) forming a pocket (12D) therebetween, the
third inner side (12CA) is further connected along right and bottom
edges to left and bottom edges of the third outer side (12CB) forming a
pocket (12D) therebetween; and

C) hook (14) securely affixed to an outer surface of the second outer side
(12BB).

2. The first body safe/sports wallet (100) as described in claim 1, wherein the inner sides (12AA, 12BA, 12CA) and the outer sides (12AB, 12BB, 12CB) are manufactured from a pliable material.

5

3. The first body safe/sports wallet (100) as described in claim 2, wherein the pliable material is selected from a group consisting of leather, leather composite, rubber, rubber composite, metal composite, fabric, plastic, and plastic composite.

10

4. The first body safe/sports wallet (100) as described in claim 1, wherein at least one of the inner sides (12AA, 12BA, 12CA) comprises at least one slot (16).

5. The first body safe/sports wallet (100) as described in claim 1, wherein at least one of the inner sides (12AA, 12BA, 12CA) comprises at least one window (18).

15

6. The first body safe/sports wallet (100) as described in claim 1, wherein the first inner side (12AA), second inner side (12BA), and third inner side (12CA) are manufactured from a single piece of material.

20

7. The first body safe/sports wallet (100) as described in claim 1, wherein the first outer side (12AB), second outer side (12BB), and third outer side (12CB) are manufactured from a single piece of material.

5

10

15

20

8. A second body safe/sports wallet (200) comprising:

A) a first inner side (12AA) connected along a right edge to a left edge of a second inner side (12BA),

5 B) a first outer side (12AB) connected along a left edge to a right edge of a second outer side (12BB), the first inner side (12AA) is further connected along left and bottom edges to right and bottom edges of the first outer side (12AB) forming a pocket (12D) therebetween, the second inner side (12BA) is further connected along right and bottom edges to a
10 left and bottom edges of the second outer side (12BB) forming a pocket (12D) therebetween; and

C) hook (14) securely affixed to an outer surface of the second outer side (12BB).

15

20

9. The second body safe/sports wallet (200) as described in claim 8, wherein the inner sides (12AA, 12BA) and the outer sides (12AB, 12BB) are manufactured from a pliable material.

5 10. The second body safe/sports wallet (200) as described in claim 9, wherein the pliable material is selected from a group consisting of leather, leather composite, rubber, rubber composite, metal composite, fabric, plastic, and plastic composite.

10 11. The second body safe/sports wallet (200) as described in claim 8, wherein at least one of the inner sides (12AA, 12BA) comprises at least one slot (16).

12. The second body safe/sports wallet (200) as described in claim 8, wherein at least one of the inner sides (12AA, 12BA) comprises at least one window
15 (18).

13. The second body safe/sports wallet (200) as described in claim 8, wherein the first inner side (12AA) and second inner side (12BA) are manufactured from a single piece of material.

20

14. The second body safe/sports wallet (200) as described in claim 8, wherein the first outer side (12AB) and second outer side (12BB) are manufactured from a single piece of material.

5 15. Any other embodiment of the first and/or second body safe/sports wallet (100 & (200)) as described as claim 1 & 8 wherein this invention is secured and hidden anywhere else were practicable and/or convenient throughout or under the covered/clothed human body

10 16. Any other embodiment of the first and/or second body safe/sports wallet (100 & (200)) as described in claim 1 and 8 wherein this invention is specifically, but not limited to, being secured and hidden in or under the clothed or covered groin region of the body, as well as elsewhere on the covered clothed body as also claimed in number 15 above.

15 17. Any other embodiment of its first and/or second body safe/sports wallet (100 & (200)) as described in claims 1 & 8 wherein the invention is folded additional times beyond the 1st and 2nd folds embodied in the 1st and/or 2nd body safe/sports wallet (100) & (200) no matter how many times folded.
